Members of the committee shall disclose to the Board whether or not they are members of the audit committee of any other public companies. If a member or prospective member of the committee simultaneously serves, or upon appointment would be serving, on the audit committees of more than two other public companies, the Board shall determine if such simultaneous service would impair the ability of such member to effectively serve on the committee.

- b. Director's fees (including equity-based awards), including fees for serving on committees of the Board, shall be the only compensation members of the committee may receive directly or indirectly from or on behalf of the Company.
- c. - e. The Company shall provide appropriate orientation for new members of the committee, and ongoing continuing education programs for existing members, covering, among other things, the Company's business, organizational and management structure, results of operations and financial condition, including critical accounting policies, budgets and forecasts and corporate governance. Members of the committee are encouraged, but not required, to periodically pursue or obtain, at the Company's expense, appropriate programs, sessions or materials as to the responsibilities of members of audit committees of publicly-traded companies.
